IP44 Approved

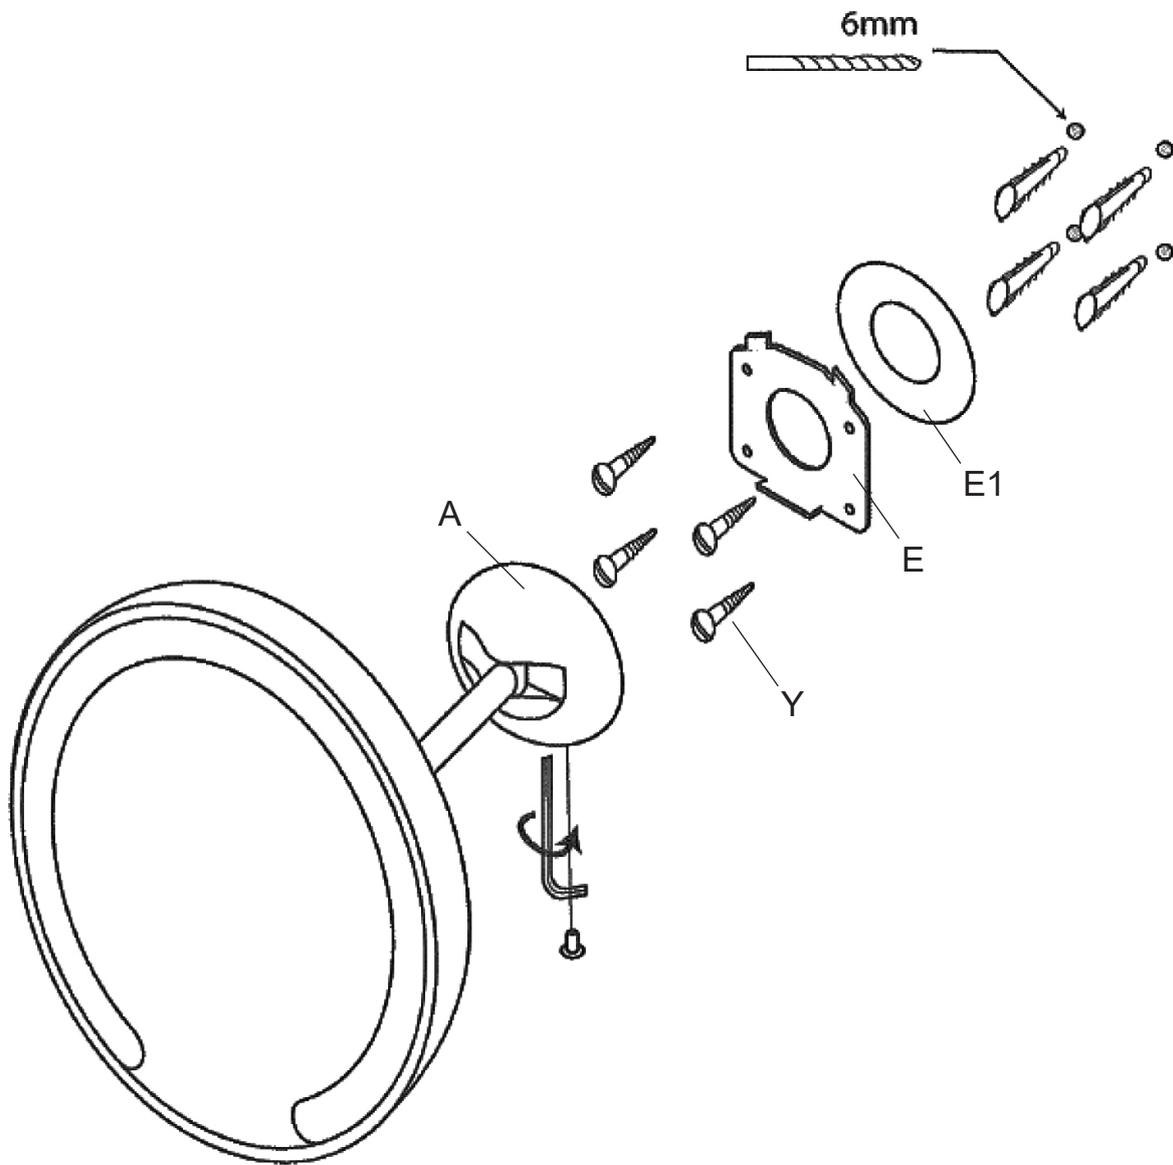

Power Requirements 240v - 0.35A

PACK CONTENTS CHECK LIST

Fitting Instructions

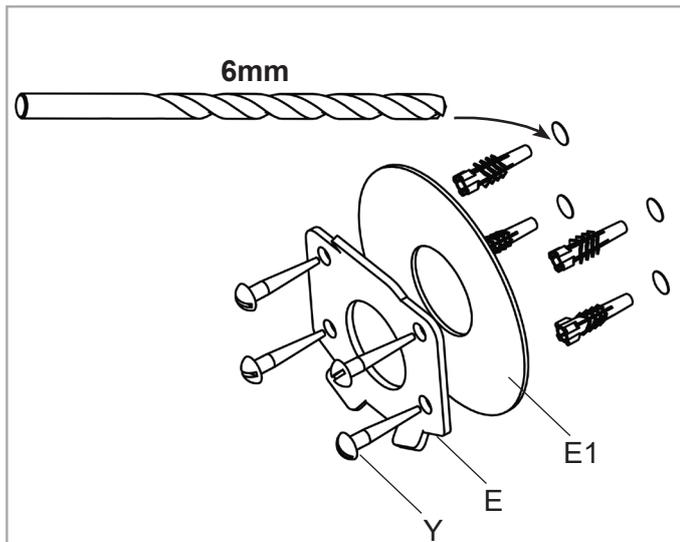

- This light fitting should be installed by a qualified electrician who is fully conversant with relevant regulations.
- This product contains LED bulbs and is therefore non-serviceable.

Notes: Before installation turn off power, ensure that the point of connection to the light has been isolated and is free from current.

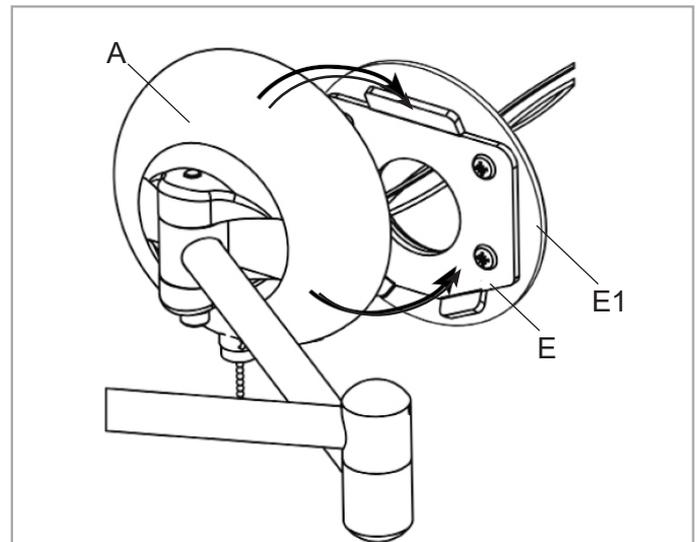

Due to leverage when the mirror is fully extended from the wall, it is vital that the chassis (E) is anchored securely.

Fitting Instructions

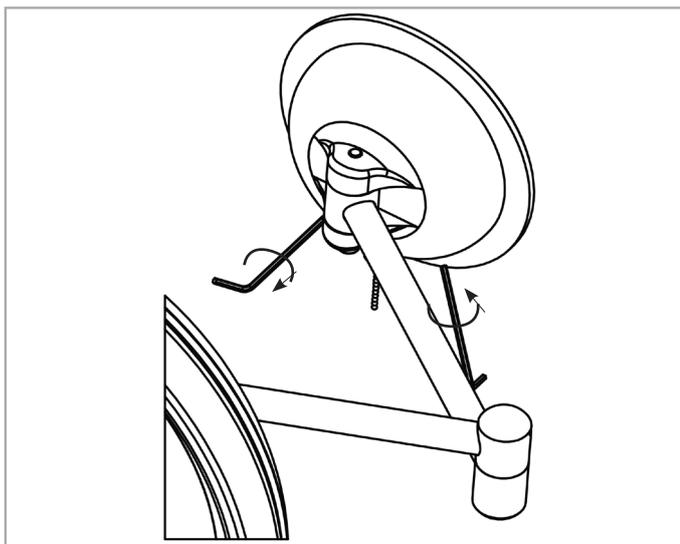

1.

2.

3.

1. Fix chassis (E) and pad (E1) to wall using screws (Y).
2. Loosen grub screws in (A) then hook mirror over tab.
3. Tighten grub screws securely.
